# 5. How Our Action Plan Leads to the Change

## Lived Experience

- We believe this action plan will improve the data point and the lived experience of Greater Clevelanders because...
- Teaching mindfulness can create a positive work ethic in a desired career direction and positive energy workplace environments
- Mindfulness can begin to improve infrastructures in the simplest ways. example: being mindful would tell you, the highways are not a trash can for soda pop bottles -> leads to cleaner environment and prettier city

## Economic Growth

YES or NO	Plan will influence
YES	<b>Workforce</b> - The attraction, growth or retention of a skilled workforce.
YES	<b>Infrastructure</b> - Investments or improvements in things needed for commerce such as roads, machines, factories and airports.
YES	<b>Natural Resources</b> - The amount and availability of natural resources like water, electricity and fuel.
YES	<b>Technology</b> - Improvements or investments in technology and innovation.
